There is increased security measures in effect since the tragedies of September 11. It is advised that as a Non-resident, you should have your receipt from "Lost Creek Outfitters" as well as proper identification to help you pass through Customs into Canada.

It is also advised that American hunters should check with U.S. Customs about re-entering your country with firearms after your visit to Canada. It is advisable, however, that you have sufficient identification, such as passport, driver's license and proof of the reason for your visit to Canada to help you clear American Customs. The Canadian Firearms Center thanks you in advance for your patience and understanding.

For updated information or questions, please contact the Firearms Center at 1-800-731-4000, or visit the website at www.cfc-ccaf.gc.ca

I hope this information is helpful to you as you make your travel plans, and I thank you for your patience!
